

**CITY OF SAN BRUNO
NEWS RELEASE**

Glenview Fire – Evening Update

For Release – 7:00 p.m.

Contact: Public Information Hotline: (650) 616-8302

SAN BRUNO, CA – September 12, 2010 – The City of San Bruno is providing this update regarding the Glenview Fire:

- Of the 377 homes vacated during the Glenview Fire, residents in 293 of these homes were allowed to return today. These families are allowed to stay in their homes from this point forward.
- Residents started returning to their homes at 11:30 a.m., 30 minutes earlier than scheduled due to the cooperation of the public and highly organized planning. The entire process was completed by 3:00 p.m. – 2 hours ahead of schedule. City Manager Connie Jackson praised all involved in today's re-entry program as being "absolutely amazing" earlier this evening.
- The remaining 84 households have not been allowed to return to their homes today. These households include homes that were destroyed, have extensive damage or are on a police perimeter that encompasses the zone closest to the blast site.
- A briefing has been scheduled for residents not yet allowed to return to their homes. This is **not** a public meeting and is intended for those residents who have been directly impacted. It will be held at the San Bruno Senior Center at 1555 Crystal Springs Road in San Bruno on Monday at 10:00 a.m.

- Police Chief Neil Telford said that San Bruno Police Department officers will continue to patrol the Glenview Fire area tonight and throughout the week. Telford said that “our goal is security and we will continue to insure the public’s safety.”
- People who wish to donate to the relief efforts can do so through the City of San Bruno. Checks can be brought to City Hall or mailed. The checks should be made payable to City of San Bruno and include “Glenview Fire” on the check to insure it is placed in the appropriate account.
- PG&E will be working throughout the night to restore energy service to the effected area. Residents can contact PG&E at 1-800-743-5000 with any questions.
- San Bruno Public Works reports that streetlights and sewer service in the area have been restored. Work on phone and cable TV service is continuing.
- The Mayor and City Manager offer special thanks to the many individuals from the City of San Bruno, San Mateo County, neighboring cities, the State and other agencies who volunteered their time and worked together as a team this weekend to make the recovery and re-entry process run smoothly and effectively.

As additional information becomes available the City will release it at that time. The information will also be posted on the City of San Bruno web site at <http://www.sanbruno.ca.gov>
